

# COVID-19 UPDATE

## CITY COUNCIL MEETING

Jovan D. Grogan, City Manager

May 26, 2020

# Objective

Provide an update to the general public regarding COVID-19.

# Agenda

- I. Update on COVID-19
  - I. County statistics
  - II. San Bruno positive cases
- II. Shelter in Place Order
- III. Resources
- IV. Parking Education Campaign
- V. Questions

# County COVID-19 Statistics

## San Mateo County COVID-19 Data Dashboard

Case data up to and including May 25, 2020

SAN MATEO  
COUNTY HEALTH

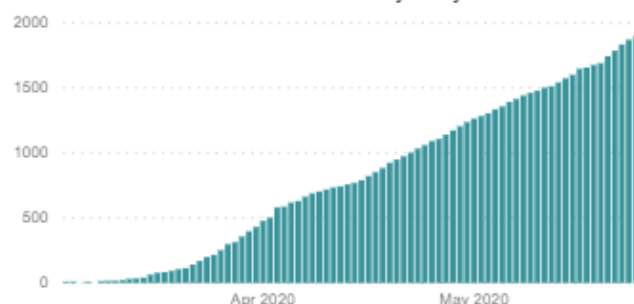

### Total Cases

1904

### Cases by Sex

### Total Cases by Day

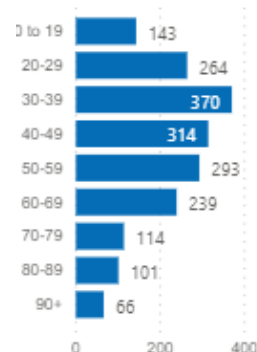

### Total Deaths

82

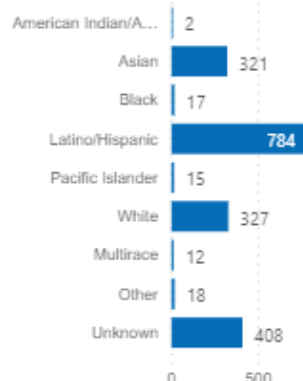

### Deaths by Sex

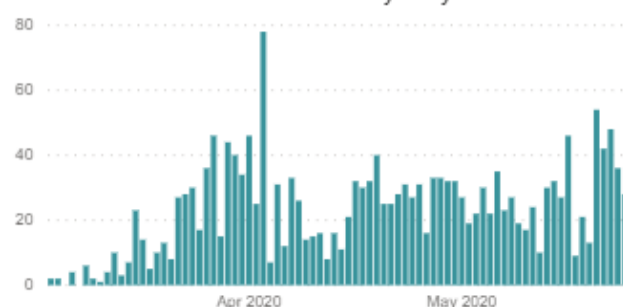

### Cases by Age Group

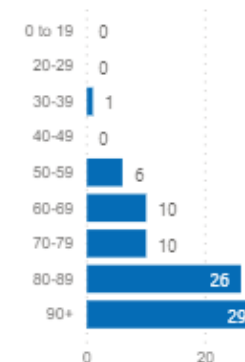

### Cases by Race/Ethnicity

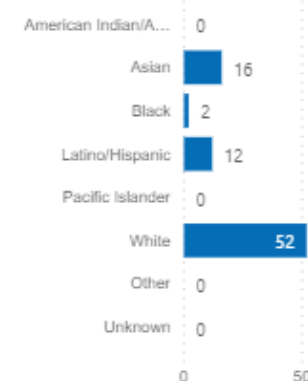

### New Cases by Day

### Deaths by Age Group

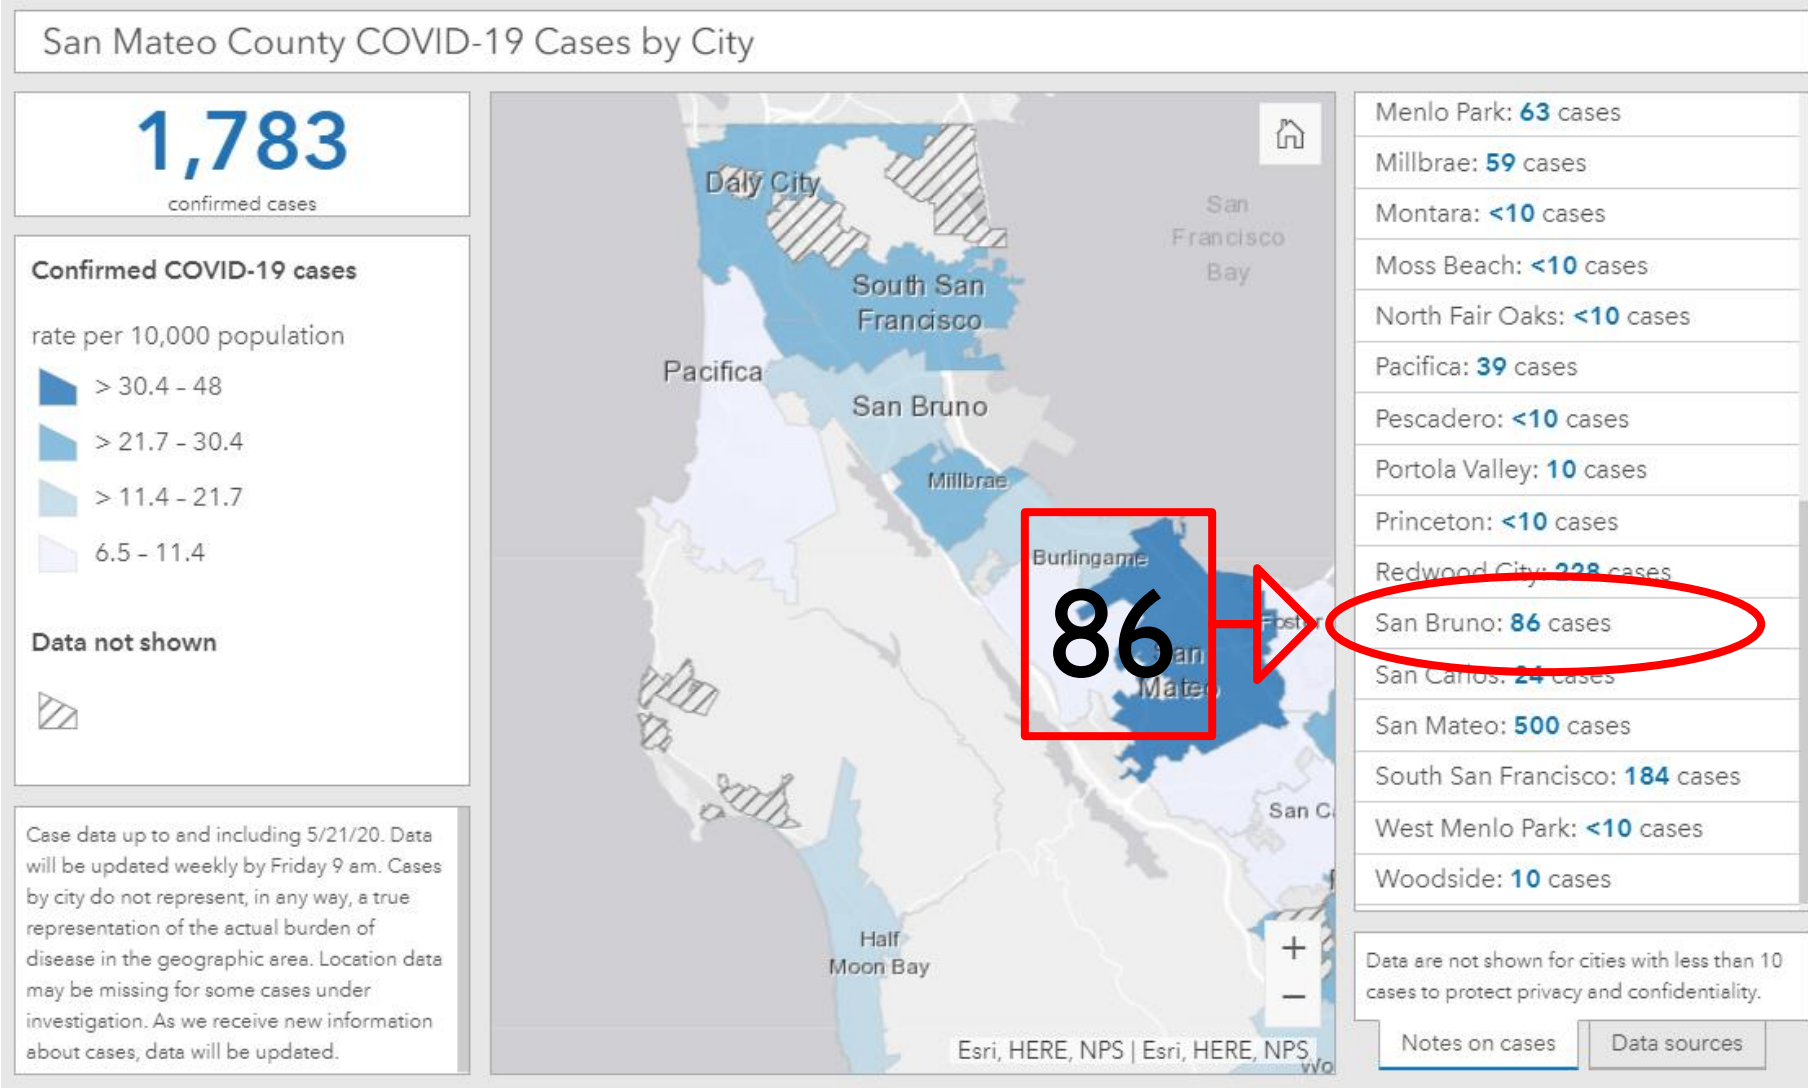

### Deaths by Race/Ethnicity

Because of limited testing capacity, the number of cases detected through testing represents only a small portion of the total number of likely cases in the County. COVID-19 data are reported as timely, accurately, and completely as we have available. Data are updated as we receive information that is more complete and will change over time as we learn more. Cases are lab-confirmed COVID-19 cases reported to San Mateo County Public Health by providers, commercial laboratories, and academic laboratories, including reporting results through the California Reportable Disease Information Exchange. A lab-confirmed case is defined as detection of SARS-CoV-2 RNA in a clinical specimen using a molecular amplification detection test. Cases are counted by date the lab result was reported. Death data last updated May 25, 2020.

# County COVID-19 Statistics

# Shelter in Place Order

- ▲ May 18, 2020 - Health Officer issues new shelter in place order to align County with State's Early Phase 2

“Progress on COVID-19 indicators related to hospital utilization and capacity makes it appropriate, at this time, to allow certain additional businesses and activities to resume with conditions,” said San Mateo County Health Officer Dr. Scott Morrow. “But I want to remind everyone these modifications to the shelter in place order are not being made because it is safe to be out and about. The virus continues to circulate in our community, and this increase in interactions among people is likely to spread the virus at a higher rate.”

# Shelter in Place Order

- ▲ Additional businesses allowed to operate with certain restrictions
  - Operate for curbside or outside pickup only, including a drive-through window
  - Products must be ordered in advance
  - Must adhere to social distancing requirements and the face covering order
- ▲ Construction safety protocols for large and small projects
- ▲ Removes the previous order's limit on travel for recreational activities to within 10 miles from home

# Shelter in Place Order

# Small Businesses Recovery

## ▲ Small Business Recovery & Assistance Program

- BAEC and SB Chamber of Commerce teamed up to provide San Bruno small business community advising and assistance as they reopen
- Offers no-cost one-on-one expert advise, assistance, workshops and online resources
- [baec@smccd.edu](mailto:baec@smccd.edu) or [sanbrunochamber@gmail.com](mailto:sanbrunochamber@gmail.com)

## 13

# Parking Enforcement During SIPO

- ▲ Enforcing Clear Public Safety Concerns
  - Blocking sidewalks; wrong-way parking; red zones; disabled parking; roadway obstructions; blocking driveways; blocking access ramps; other hazards
- ▲ Not Enforcing Most Other Parking Laws
  - Timed parking (conflicts with SIPO)
  - Most registration-related offenses (DMV request)
  - Street sweeping
- ▲ Continuously Reevaluated Based on Revised SIPO

# Blocking Sidewalks

## WARNING NOTICE

Obstructing any part of the sidewalk with your vehicle is illegal, and creates a safety issue for pedestrians, even during the Shelter in Place Order. This Warning Notice has been documented and subsequent violations will result in citations. Please move this vehicle immediately.

**California Vehicle Code 22500(f) states:**

A person shall not stop, park, or leave standing any vehicle whether attended or unattended on a portion of a sidewalk, or with the body of the vehicle extending over a portion of a sidewalk. Lights, mirrors, or devices that are required to be mounted upon a vehicle under this code may extend from the body of the vehicle over the sidewalk to a distance of not more than 10 inches.

**\$50 Fine**

## ▲ Public Safety Concern

- Forcing pedestrians down dangerous slopes or into streets
  - Exacerbated for wheelchairs, strollers, walkers, cane users, etc.
  - Narrow streets increase danger
- ADA concerns
- 1000's of warning notices issued along with social media campaigns
- Blanketed enforcement occurring

# Wrong-Way Parking

## ▲ Public Safety Concern

- Unable to see roadway from driver's seat when pulling out
- Dangerous for motorists, bicyclists and others using roadway
- Increased collisions when parking on left side of roadway
- 1000's of warning notices issued along with social media campaigns
- Blanketed enforcement occurring

**WARNING NOTICE**

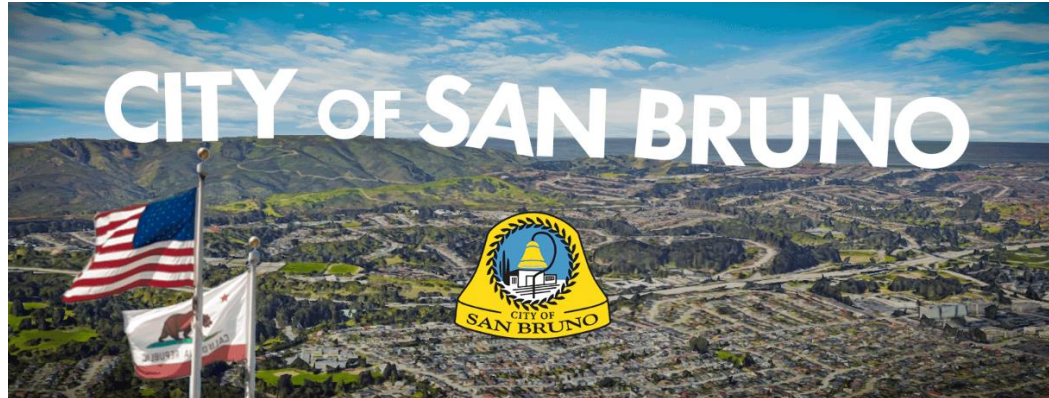

**Don't Park on the Wrong Side of the Street**

It is illegal to park a vehicle on the wrong side of the street. Doing so creates a safety issue for other motorists; even during the Shelter in Place Order. The Police Department will be resuming enforcement of this violation in the near future.

California Vehicle Code 22502(a) states: A vehicle stopped or parked upon a roadway with adjacent curbs shall be stopped or parked with the right-hand wheels of the vehicle parallel to, and within 18 inches of, the right-hand curb. A motorcycle shall be parked with at least one wheel or fender touching the right-hand curb or edge.

**\$50 Fine**

# Stay Connected....

Presentations to the City Council,  
including resources and important links, are available at
